MOTION FOR EXTENSION OF TIME TO HARVEST CROPS

Now Comes Defendant, Vernon Hugh Bowman, to ask the Court to stop the clock on any legal proceedings so that he can devote full time with his harvest. Defendant is behind on his machinery maintenance because of having to defend himself and harvest is here. Defendant thinks his harvest will be over by Nov 15, 2008. Defendant asks the court to give him the extension of time it feels is reasonable.

Respectfully submitted,
